

# VIRTUAL ART SHOW

**At FC, we each contribute to a “quilt” that is as diverse as our unique talents and ideas.**

Different as we may be from one another, everyone is a vital part of the pattern, and makes up the very fabric of Friendship Circle.

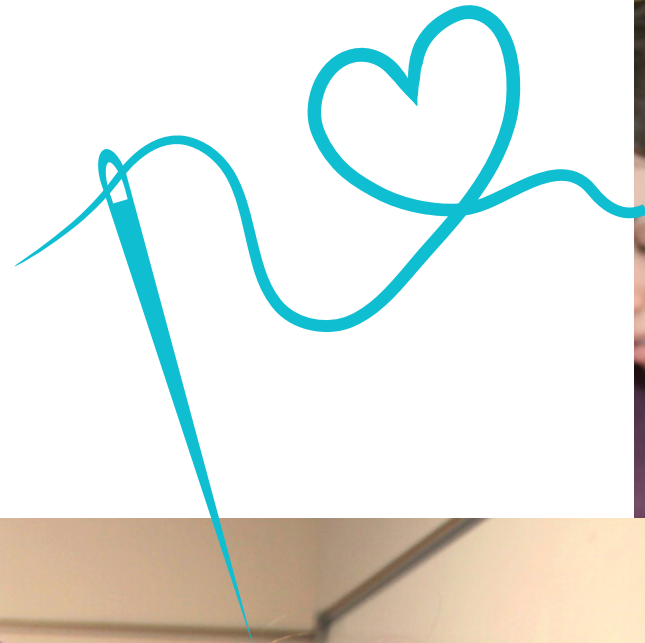

“What makes Friendship Circle art unique is that the tortured artist has no place at the table. Creating art in Friendship Circle is about having fun and working together to make something together.”

*- Becky Marli*

Art Educator, FC Teen Parent & Founder of Philly FC's Art Studio

- 
- A long, thin necklace with a large, faceted clear crystal at one end and a heart-shaped green crystal at the other. The necklace is composed of many small, colorful beads in various shapes and sizes, including round, oval, and heart-shaped beads in colors like blue, green, red, yellow, and clear.
